APPLICATIONS : Food service industry, Institutions, Caterers, Canning industry, Butcher's shops, Bakeries, Fish mongers, Agro-food industries, etc.

Ministry of Agriculture certification no. – 9600296
EN 1040 – NF – T72301
(Bactericide at a concentration of 0.1%)

« PRODUCT APPROVED FOR USE IN ORGANIC AGRICULTURE IN COMPLIANCE WITH EEC REGULATION NO. 2092/91
AMENDED ON JUNE, 24th 1991”
HACCP COMPLIANCE

QUALITATIVE COMPOSITION : Mixture of mineral and organic salts – Non-ionic surfactants – soap – quaternary ammonium.

PROPERTIES AND SAFETY :

- Over 90% biodegradable components
- Does not contain solvents, acids, ammoniac, phosphate, silicone or bleach.
- Bactericide, fungicide – destroys odours – NF – EN 1040 – T 72301 – EN 1275
- Can be diluted in water in any proportion, anti-scalent – Self-drying.
- Can be used in all types of cleaning equipment
- Rinse with water.
- Components compliant with the legislation relative the cleaning of equipment in contact with foodstuffs. DECREE dated 08/09/1999.

The recommended concentrations can be adjusted depending on how dirty the surfaces to be cleaned are. The purpose of the information on this notice is to provide guidelines, and it does not engage our liability, given that the usage is not within our control. For all fragile materials (carpets or seats with pure wool or colours not guaranteed run-proof, or certain materials such as aluminium, etc.), do a prior test on a hidden part.
